Description

The 180 mm and 1500 W Vatton polisher is designed for polishing and polishing work on large surfaces. Its structure allows a firm handling with both hands, facilitating the application of waxes and the finishing of bodies with precision and control.

Technical characteristics

- Power: 1500 W
- Voltage: 230 V/50 Hz
- Adjustable speed: 600 to 3,000 rpm
- Plate diameter: 180 mm
- Type D auxiliary grip to improve grip and stability
- Switch lock button for long jobs
- Axle locking button for easy replacement of accessories
- Includes plate and polishing bonnet

The speed control system allows the tool to be adapted to the specific type of work. The elongated body design and the integrated handle switch contribute to a more comfortable and safe operation during continuous use.
