Description

Vatton's VDE Belt is a set of four isolated tools designed specifically for safe electrical work up to 1000 V. This kit allows you to perform cutting, gripping and screwing tasks with the necessary protection when handling energized installations.

Technical characteristics

- Set of 4 pieces of isolated tools.
- Working capacity up to 1000 V.
- Includes 160 mm VDE scissors.
- Includes 160 mm VDE long tip pliers.
- Includes flat VDE screwdriver of 5.5 × 125 mm.
- Phillips PH2 × 100 mm screwdriver included.
- It complies with IEC 60900:2004.

The inclusion of specific tools for cutting and screwing facilitates accurate handling in electrical environments. Compliance with IEC 60900:2004 guarantees that the tools are certified for high voltage use, offering a comprehensive solution for technicians who require safety and functionality in their daily interventions.

Specifications

Insulation voltage	1000 V
EAN	8425160540142
Manufacturer	VATTON
