Halogen-free flexible electrical cable 2.5 mm 100 m

Brand: SCOA

Reference: SCO 11704

Halogen-free flexible electrical cable with a cross-section of 2.5 mm² and a length of 100 meters. Model TT=H2,5BC, designed for safe and efficient electrical installations.

Description

Halogen-free flexible electrical cable, designed for low-voltage installations. This cable with a cross-section of 2.5 mm² and a length of 100 meters is a suitable option for applications requiring flexibility and compliance with safety standards regarding the emission of halogenated gases.

Technical features

- Cross-section: 2.5 mm²
- Length: 100 meters
- Type: Flexible
- Composition: Halogen-free
- Technical reference: TT=H2,5BC

The absence of halogens in its composition is a relevant feature for environments where the reduction of toxic emissions in case of fire is prioritized. Its flexible design facilitates handling and installation in curved paths or confined spaces.

Specifications

EAN	8436001583549
Length	100 m
Type of cable	Power cord
