Description

Fitting final stopper of 75 mm registrable, designed for closing plumbing and air conditioning systems. This component allows sealing the extremity of a pipe or duct while maintaining the possibility of subsequent access thanks to its recordable feature.

Technical characteristics

- Diameter: 75 mm
- Type: Recordable final stopper
- Implementation: Plumbing and air conditioning

Recordable functionality facilitates inspection and maintenance without disassembly of the complete installation, optimizing the management of fluid or air systems.

Specifications

Diameter	75 mm
