Description

Dullan tube wrench of the BAHCO brand, designed for the tightening and loosening of pipes in plumbing and plumbing works. This model, identified as DOW176-1, offers a length of 314 mm, providing the range needed to access connections in different positions.

Technical characteristics

- Mark: BAHCO
- Model: DOW176-1
- Length: 314 mm
- Type: Dullan Pipe Key
- Category: Manual tool

The Dullan type structure is characteristic of the tube keys, allowing a firm grip on cylindrical surfaces. Its design is oriented to the handling of standard pipes in water and gas installations, facilitating work in spaces where precision and controlled tightening force are required.
