Description

SIMON LED lighting with a length of 500 mm, equipped with USB motion sensor and power. This device belongs to the electricity category and is designed to offer a practical lighting solution.

Technical characteristics

- Mark: SIMON
- Measure: 500 mm
- Technology: LED
- Power supply: USB
- Function: Motion sensor

The combination of LED technology and motion sensor allows automatic activation of light, optimizing energy consumption. USB power supply facilitates its integration into different power supply systems.

Specifications

EAN	8412852981451
Manufacturer	SIMON
Type of lamp	LED

may contain errors or omissions and does not replace the manufacturer datasheet.
