Arslim ultra-flat air diffuser Ø 120 mm white

Brand: AIRROXY

Reference: EDM 87412

Arslim extra flat air diffuser with diameter of 120 mm, made of white ABS plastic. Designed to be integrated into false ceilings and mechanical ventilation systems, it allows a uniform distribution of air flow into internal ducts of buildings without protruding from the roof cloth.

[View product online](#)**Description**

Arslim Extraplane Air Diffuser designed for mechanical ventilation systems in buildings. Its extra flat format allows an aesthetic integration into false ceilings and internal ducts, facilitating the distribution of air without protruding from the roof cloth.

Technical characteristics

- Model: Arslim
- Diameter: Ø 120 mm
- Material: ABS Plastic
- Colour: White
- Form: Extraplane
- Implementation: Internal ventilation ducts and false ceilings
- Presentation: Blister

The ABS construction ensures a lightweight and suitable structure for use in ventilation facilities. The extra-plane design optimizes the visual space inside the ceiling, maintaining the functionality of the air system.
