### Description

The P71cb harness is a kit designed to facilitate safety in vertical work and rescue operations. Its fast placement system allows for agile preparation, while the inclusion of a transport case optimizes the storage and movement of equipment.

#### Technical characteristics

- Model: P71cb
- Type: Kit harness
- Size: Adjustable from M to XL
- Implementation: Vertical work and rescue
- Components: Belt, anchorages and transport case
- Anchor points: Dorsal, sternal, ventral and two sides
- Includes: Transport bag

The five-point anchor configuration offers multiple clamping options according to the required maneuver. The adjustable size ensures a fit suitable for different users, improving comfort during prolonged use.
