S&P Round intake outlet 150 mm white

Brand: S&P

Reference: SYP 5416402500

BOC-125 suction mouth, round and white, made of steel sheet with epoxy paint. Includes mobile central shutter to regulate the extraction flow rate in a pressure range of 80 to 140 Pa.

[View product online](#)**Description**

The BOC-125 suction mouth is an air extraction device designed for installation on walls or ceilings. It is made of sheet steel coated with white epoxy paint, offering a functional solution for ventilation in homes and commercial premises.

Technical characteristics

- Material: Steel sheet with white epoxy paint.
- Form: Round.
- Nominal diameter of the duct: 150 mm.
- Front diameter: 150 mm.
- Operating pressure: Constant flow rate between 80 and 140 Pa.
- Components: Aspiration cone and mobile central shutter for flow adjustment.
- Includes galvanized steel sleeve for installation.

This equipment allows to regulate the air flow through its central shutter, maintaining a stable flow within the specified pressure range. The inclusion of the sleeve facilitates connection to the duct during assembly.

Specifications

Diameter	150 mm
