S&P Self-regulating extraction outlet BARP60 125 mm

Brand: S&P

Reference: SYP 5209152700

Self-regulating BARP60 extraction mouth made of white polystyrene. Designed to regulate air flow in kitchens and bathrooms by automatic volume control. Includes sleeve with specific anchor brackets for mounting on plate plates and connection to flexible ventilation ducts.

[View product online](#)**Description**

BARP60 self-regulatory extraction mouth made of white polystyrene, designed for regulating air flow in kitchens, bathrooms and other rooms. This model allows automatic flow control, ensuring efficient ventilation according to the needs of the space.

Technical characteristics

- Material: Plastic (polystyrene)
- Form: Round
- Nominal diameter of the connecting duct: 125 mm
- Colour: White
- With volume control: Yes
- Self-control: Yes
- Power valve: No
- Drain valve: No
- High induction: No
- With filter: No
- Limited output pattern: No

The self-control function and flow regulation facilitate the management of air in enclosed spaces. The round design and lightweight plastic material contribute to a simple integration into domestic ventilation systems.

Specifications

Colour	White
EAN	3411450224620
Manufacturer	S&P
Material	Poliestireno
Shape	Round
Diameter (cm)	12,5 cm
