S&P Square plastic inspection opening 160 mm

Brand: S&P

Reference: SYP 5209210000

BDO-160 square shaped white plastic mouth, designed for extraction or drive systems in simple flow, double flow or air conditioning installations. It incorporates a nominal diameter of 160 mm duct and rubber ring for mounting.

[View product online](#)**Description**

The plastic mouth BDO-160 is a component designed for ventilation, extraction or drive systems in simple flow, double flow or air conditioning installations. Its white finish and square shape facilitate its integration into air ducts.

Technical characteristics

- Material: Plastic
- Form: Square
- Nominal diameter of the connection duct: 160 mm
- Ring to build in: Rubber ring
- Power valve: Yes
- Drain valve: Yes
- Colour: White

This element allows you to adjust the direction and range of the airflow in drive applications. It can be mounted with flow controller in the sleeve (BDOP models) or directly in the duct (BDO models), offering flexibility in the installation.
