S&P Self-regulating extraction outlet BAR60 125 mm

Brand: S&P

Reference: SYP 5209156700

Self-regulatory extraction mouth BAR60 made of white polystyrene. Designed to regulate air flow in kitchens and bathrooms through its self-control system. Includes nominal connection diameter of 125 mm and round shape.

[View product online](#)**Description**

Self-regulatory extraction mouth BAR60 made of white polystyrene. Designed to regulate air flow in kitchens, bathrooms and other rooms. It offers a practical solution for flow management in ventilation systems.

Technical characteristics

- Material: Polystyrene (Plastic)
- Colour: White
- Form: Round
- Nominal connection diameter: 125 mm
- Volume Control: Yes
- Self-control: Yes
- Model BARJ: With rigid duct joint sleeve
- Model BARP: With sleeves and supports for plate and flexible duct
- Model BAR: No cuff

The self-regulation function allows to maintain a constant flow without the need for constant manual adjustments. The availability of different models facilitates the adaptation to different types of installation, either on rigid, flexible or directly on laminated plasterboards.
