S&P 3-Way Rectangular Tee TUBREC TERH 120

Brand: S&P

Reference: SYP 5416839300

Rectangular PVC pipe flame retardant self-extinguishing TUBREC TERH 120, designed for false ceiling installations with limited space. It supports temperatures up to 90oC, has high watertightness and antibacterial, hygienic and anticorrosion properties. Its thermoplastic structure is athermal, dielectric and acoustic attenuator, guaranteeing an efficient and safe flow of air in single-family or collective dwellings.

Description

The Te 3 rectangular mouths TUBREC TERH 120 is an accessory designed for rectangular duct systems, optimized for installations on false ceilings with limited space. Its structure guarantees an aesthetic and functional finish in single-family and collective homes.

Technical characteristics

- Pipe material: Retardant and self-extinguishing thermoplastic PVC.
- Accessories made of high impact polystyrene.
- Maximum working temperature: 90oC.
- Hygiene properties: antifungal, antibacterial and free of heavy metals.
- Non-stick surface to solid particles and anticorrosion.
- Thermal and electrical characteristics: thermal and dielectric.
- Acoustic attenuation capacity.

This component offers high watertightness and facilitates maintenance thanks to its non-stick surface. The combination of flame retardant materials and hygienic properties ensures a safe and clean environment for air circulation.

Specifications

EAN	8413893931979
