### Description

Rectangular exterior shutter TUBREC VAR 100 in white color, designed for installations in single-family and collective houses. Its rectangular format makes it especially suitable for false ceilings with limited space, ensuring an aesthetic and clean finish. It includes a complete range of high impact polystyrene accessories for easy mounting.

#### Technical characteristics

- Pipe material: flame retardant and self-extinguishing thermoplastic.
- Accessories made of high impact polystyrene.
- Maximum working temperature: 90oC.
- Properties: 100% anti rotting, hygienic and non-stick to solid particles.
- Corrosion resistant, thermal and dielectric.
- It works as an acoustic attenuator.

These features ensure reliable performance and long service life in ventilation or extraction systems, maintaining hygiene and safety in the installation environment.
