Description

Airzone rectangular motorized gate designed for 200x150mm ducts. Its function is to regulate the flow of air to the service area by controlling the opening and closing of its slats, adapting to the specific thermal demand of each space.

Technical characteristics

- Mark: Airzone
- Format: Rectangular
- Conveyor dimensions: 200x150mm
- Mechanism: Motorised slats
- Function: Air Pass Control

This element allows to manage the air conditioning accurately, adjusting the air volume according to the needs of the area. The automatic regulation of the slats contributes to maintaining the desired thermal comfort in each served area.
