Airzone RLC Diffuser Grille 1 Direction 300x150 mm White

Brand: Airzone

Reference: ZONE RLC1030015BKX

RLC1 drive grid made of extruded aluminium, with dimensions of 300x150 mm and white finish. It incorporates horizontal curved horizontal slats oriented in a single direction, allowing individual regulation of reach and air vein. The standard 26 mm frame ensures a robust and functional installation in air conditioning systems.

Description

RLC diffusion grid made of extruded aluminium, designed for the air drive with horizontal moving curves. Its structure allows an individual regulation of each slat, facilitating the precise adaptation of the range and the air vein according to the specific needs of each installation.

Technical characteristics

- Material: Extruded aluminium
- Dimensions: 300x150 mm
- Colour: White
- Frame: 26 mm standard
- Lamas: Horizontal, curved and mobile
- Regulation: Individual to adjust range and air vein
- Available types: RLC1 (one address) and RLC2 (two addresses)

This system offers flexible control of the direction of air flow, optimizing the distribution in space. The mobility of curved slats allows a fine fit without the need for complex tools, ensuring an efficient and adaptable operation.

Specifications

Colour	White
EAN	8435418955901
Manufacturer	Airzone
Material	Aluminio
