Description

RLC diffusion grid made of extruded aluminium, designed for precise control of air flow in air conditioning systems. This one-way model incorporates horizontal moving curves that allow individual regulation of the air reach and vein, adapting to the specific needs of each installation.

Technical characteristics

- Material: Extruded aluminium
- Dimensions: 400x150 mm
- Colour: White
- Standard frame of 26 mm
- Horizontal slats moving curves
- Orientation: One address (type RLC1)
- Individual slat regulation

The configuration of mobile slats facilitates the direction of air to specific areas, optimizing energy efficiency and thermal comfort. Its robust design ensures an aesthetic and functional integration into ceilings or walls.

Specifications

Colour	White
--------	-------

EAN	8435418957219
Manufacturer	Airzone
Material	Aluminio
