Airzone Clip diffusion grille 200x150 mm white

Brand: Airzone

Reference: ZONE RDHV020015BKX

Extruded aluminum diffusion grid with dimensions of 200x150 mm and standard frame of 26 mm. It incorporates horizontal and vertical moving slats that allow individually to regulate the reach and the air vein. Its design facilitates installation in air conditioning systems, offering precise control of the air flow according to the specific needs of each space.

Description

Diffusion grid made of extruded aluminium, designed for the precise regulation of air flow in air conditioning systems. Its structure allows a flexible installation in both horizontal and vertical orientation, adapting to the specific needs of each space.

Technical characteristics

- Material: Extruded aluminum.
- Dimensions: 200x150 mm.
- Colour: White.
- Standard frame of 26 mm.
- Horizontal and vertical moving slats.
- Individual regulation of slats.
- It allows to adjust the range and the air vein.

The mobility of the slats facilitates the adaptation of the air flow rate to the required conditions, optimizing the efficiency of the ventilation or air conditioning system. This design ensures detailed control over the direction and intensity of the airflow.

Specifications

Colour	White
EAN	8435418931653
Manufacturer	Airzone
Material	Aluminio
