Airzone Aluminum diffusion grille 400x100 mm white

Brand: Airzone

Reference: ZONE RDHV040010BKX

Extruded aluminum diffusion grid with standard frame of 26 mm and dimensions of 400x100 mm. It incorporates horizontal and vertical moving slats that allow the individual regulation of the air reach and vein, facilitating the adaptation of the flow to the specific needs of each air conditioning installation.

Description

Extruded aluminium diffusion grid designed for the precise regulation of air flow in air conditioning systems. Its structure allows to adjust the range and the air vein according to the specific needs of the space, offering a functional and aesthetic solution in white color.

Technical characteristics

- Dimensions: 400x100 mm
- Material: Extruded aluminium
- Standard frame of 26 mm
- Horizontal and vertical moving slats
- Individual regulation of slats
- Colour: White

The mobility of the slats facilitates the adaptation of the air flow rate, optimizing the distribution in the environment. This design allows a detailed control of the flow direction, improving the efficiency of the ventilation or air conditioning system installed.

Specifications

Colour	White
EAN	8435418934845

Manufacturer	Airzone
Material	Aluminio
