Description

The Airzone Blueface Zero 32Z (DI6) thermostat is a zone control device designed for Airzone systems. It stands out for its colour graphic interface with capacitive display and an elegant finish in steel and glass, available in white. Its operation is done by feeding through a control module, offering precise management of the environment.

Technical characteristics

- Color capacitive touch screen.
- Finished in steel and glass.
- Colour: White.
- Model: 32Z (DI6).
- Power via control module.
- Support for 6 languages: Spanish, English, French, Italian, German and Portuguese.
- Temperature control, operating mode and system speed.
- Reading room temperature and relative humidity.
- Management of configuration stages: air, radiant or combined.
- Includes Eco-Adapt and Sleep functions.
- Allows remote access to other areas of the system.

This thermostat facilitates continuous monitoring of humidity and temperature, adapting the speed of the air flow according to the type of installation. The inclusion of modes such as Eco-Adapt and Sleep

allows to optimize energy consumption and improve comfort during rest, while remote access offers flexibility in system management.

Specifications

Colour	White
EAN	8445409091761
