Description

Model 20-45-H air return grid, designed for the management of air flows in air conditioning systems. It has dimensions of 400x200 mm and a finish in color RAL 9016, which guarantees a discreet aesthetic integration in the environment where it is installed.

Technical characteristics

- Model: 20-45-H
- Dimensions: 400x200 mm
- Colour: RAL 9016

This component allows the return of treated air to the ventilation system, facilitating the renovation of the environment. Its standard rectangular format is adapted to the usual air duct installations.

Specifications

Colour	White
Manufacturer	Koolair
Material	Metal
