Description

The galvanized sleeve type 270 is a malleable function threaded accessory designed for plumbing. Its main feature is the ability to adapt to the connections, facilitating the assembly in installations where flexibility is required in the alignment of the pipes.

Technical characteristics

- Material: Galvanized.
- Type: 270.
- Measure: 3".
- Internal scraps: Cylindrical (Rp).
- External Threads: Conics (R).
- Function: Maleble.

This component stands out for its high strength and durability, ensuring reliable performance over time. The combination of cylindrical and external conical internal threads allows a secure and stable connection between different elements of the installation.

Specifications

Colour	Galvanizado
EAN	8432453063035
