Description

WADFOW Widia Broca designed as an accessory for electroportiles. This tool features a high quality TCT tip and a sanded surface, offering a silver finish. Its compact design facilitates handling in precise drilling works.

Technical characteristics

- Material: CRV
- Head diameter: 8 mm
- Total length: 120 mm
- Area: Sanding
- Colour: Plated
- Presentation: Blister
- Point: High quality TCT

The combination of the TCT tip and the sanded surface contributes to the durability of the cutting. The blister presentation allows for a clear display of the product and easy inventory management. Available in small boxes of 100 units or large 200 units for volume needs.
