Description

3/8" (14-30mm) hexagonal spindle from the WADFOW brand, designed as a mandrel for crown saws. This accessory for electroportiles allows the fastening and rotation of crown saws within the specified diameter range, facilitating cutting tasks in hard materials. Technical characteristics Mark: WADFOW Product type: Husillo / Mandril Connection: 1/2" System type: SDS-PLUS Handle measurements: 3/8" (hexagonal) Range of compatible crown saws: 14mm (9/16") to 30mm (1-3/16") Colour: Black Presentation: Double blister Units per small box: 10 Units per large box: 120 This spindle is designed for users who require precision in the assembly of small and medium diameter crown saws. Its 3/8" hexagonal design ensures a firm grip, while the 1/2" connection and SDS-PLUS system ensure compatibility with industry standard tools. The double-blister presentation offers adequate protection for transport and storage.

Specifications

Colour	Black
Diameter	14 a 30 mm
