Description

WADFOW long impact vessel of 1/2" and 17 mm, designed for use with manual, electrical or pneumatic impact wrenches. This mechanical accessory is made of Chrome-Molybdenum steel (50BV30), a material that guarantees the necessary resistance for high torque applications.

Technical characteristics

- Material: Chromium-Molybdenum steel (50BV30)
- Connection: 1/2"
- Size of measurement: 17 mm
- Length: 78 mm
- Colour: Black
- Finished: Blackened with corrosion-resistant coating
- Process: Cold extrusion and heat treatment
- Presentation: Blister
- Packaging: Small box of 8 units or large box of 64 units

The combination of cold extrusion and heat treatment of Cr-Mo steel provides superior durability against wear. The specific coating helps to protect the surface against corrosion, maintaining the functionality of the vessel over time. Its long design facilitates access to specific work areas.

Specifications

Colour	Black
EAN	6941786815041
Long	78 mm
Material	Acero al cromo molibdeno
