Collar 4 screws 75mm 1/2" PPFV

Brand: HORTILOX

Reference: GIB 070106

1/2" threaded screw screw for irrigation systems, made of polypropylene with fiberglass. It allows to drift the main line by fixing with four screws, compatible with pipes of diameter between 25 and 50 millimetres.

[View product online](#)**Description**

The 4-screw screw collar of the brand Hortilox is an accessory designed for irrigation systems that allows to obtain an output from the main line. Its main function is to facilitate the installation of elements such as diffusers, sprinklers or valves, optimizing assembly time and saving labor during the process. Technical characteristics Material: PPFV (Polipropylene with fiberglass) Measurements: 75 mm x 1/2" Fixation: Total to pipe with four screws Compatibility: Pipes with diameters from Ø25 to Ø50 mm Presentation: Stock exchange Units per box: 4 in small box, 84 in large box This component ensures a secure and stable connection in the irrigation network, allowing the incorporation of new exit points without the need to cut the main pipe. The screw fixation guarantees the integrity of the installation before water pressure.
