Description

The BAHCO double clamped pipe key model 708-27 is a manual tool designed for the adjustment and disassembly of nuts and screws in reduced spaces or difficult to access thanks to its angled design.

Technical characteristics

- Mark: BAHCO
- Type: Double clamped pipe wrench
- Measure: 27 mm
- Product code: 708-27

Its robust construction allows efficient transmission of the leverage pair, facilitating work on pipes and industrial connections. The 27 mm specific measurement ensures a precise fit for standard components.
