Description

The Solidwork YZ1 Rechargeable Work Flashlight is a versatile tool with COB and 10 W technology, designed to deliver powerful lighting in work environments. Its CST 4 in 1 system allows to adjust the color temperature between 3500 K and 6500 K according to the visual needs.

Technical characteristics

- Power: 10 W
- COB technology with 1,000 lumens
- CST 4 in 1 (3500 K, 5000 K, 5500 K, 6500 K)
- 4 modes of intensity: low, medium, high and super/turbo
- Fixed and intermittent red light included
- 1.200 mAh interchangeable lithium battery
- Charging time: 3 hours
- Autonomy: between 2 and 10 hours
- Integrated load indicator
- USB-C port for recharge
- IPX4 protection against splashes
- Built-in magnet and thread for tripod
- Hanging tilting handle
- Dimensions: 6.4 x 3 x 7 cm

The presence of a magnet and standard thread makes it possible to fix the flashlight on metal surfaces or mount accessories, while its resistance IPX4 ensures safe operation in light rain. The interchangeable battery facilitates continuous use without prolonged interruptions.

Specifications

Manufacturer	EDM
Power (W)	10 W
Protection	IPX4
Colour temperature	3500K
