Description

Telephone jack with six contacts RJ12 with finish in ivory color of the series Simon 27 Play. The collection of Simon 27 Play is one of the most available connectors it has and this is one of the most commonly used for installing electronic elements in each corner of your home. The installation is performed by a embornamiento screw and its operation is by means of insertion. It is also suitable for surface or recessed, so that you can choose the option that best suits you to install in your home.
