

## Product sheet

**SIMON 10a pushbutton with light 7700 160-039**

Brand: SIMON

Reference: SIMON 7700160-039

10A 250V ~ pushbutton with built-in light and 1click® connection system

Valid for Simon series of mechanisms: Simon 75, Simon 82, Simon 82 Detail, Simon 82 Nature.

[View product online](#)**Description**

This 10A and 250V pushbutton incorporates the new 1click® terminal system. This revolutionary technique allows faster, more comfortable and safer installations for both the installer and the user: Insert, tighten and go !!! Includes a 0.55 mA consumption indicator light that, in case of replacement, can be combined with reference 7700802-064. It is made of metal components with halogen-free thermoplastic insulation and is suitable for both surface installation and recessing.

**Specifications**

|                     |                       |
|---------------------|-----------------------|
| EAN                 | 8421053077801         |
| Manufacturer        | Simon                 |
| Nominal voltage (V) | 230V                  |
| Piece type          | Electrical mechanisms |
| Series              | Simon 75              |
