Product sheet

# Low surface box 2 elements SIMON 82 82760-31

Brand: SIMON

Reference: SIMON 82760-31

The product is a **low-profile surface box for 2 elements SIMON 82 82760-31**, designed to facilitate the installation of electrical components in surfaces where space is limited or a more discreet design is required. With compact dimensions and a robust construction, this box is ideal for use in a wide variety of residential and commercial applications.

- **Robust construction:** Made with durable materials that ensure the protection and safety of the electrical components inside.
- **Low-profile surface design:** Allows installation in areas with limited space, maintaining an elegant and discreet appearance.
- **Capacity for 2 elements:** Offers the possibility of installing two electrical components, maximizing functionality in a reduced space.
- **Compatible with SIMON 82 series:** Designed to integrate perfectly with the SIMON 82 series, ensuring a uniform aesthetic throughout the installation.
- **Wide applicability:** Suitable for use in residential, commercial, and industrial applications where a compact and functional design is required.

The low-profile surface box for 2 elements SIMON 82 82760-31 is a practical and reliable solution for installing electrical components in confined spaces, offering durability, versatility, and compatibility with the renowned SIMON 82 series.
