Surface box high for 3 elements, graphite Simon 82

[View product online](#)

Description

Surface box high for three items finished in graphite that you can find in the “other” category of the series Simon 82. As a recommendation from the manufacturer is preferable to the use of the finish in graphite to keys and caps compatible with the item to follow along with the lines offered by Simon to have your home always with an avant-garde design without a doubt. The installation is suitable for surface, making it more understandable to even the compatibility with the mechanisms of the series Simon 77, you get a setup with just insert and tighten the mechanism, greatly facilitating the process and reducing the installation time in half.
