30W KNOW 4000K round surface LED downlight white CR

Brand: CRISTALRECORD

Reference: CR 02-433-30-400

Round surface-mounted LED downlight 30W KNOW 4000K white CR is an efficient and modern solution for interior space lighting. With a power rating of 30W, this LED downlight provides powerful and uniform illumination, perfect for offices, retail stores, hotels, or any other environment requiring high-quality lighting.

Its color temperature of **4000K** ensures natural white light, ideal for creating fresh and welcoming atmospheres. The round design of this downlight makes it perfect for surface installations, offering an elegant and discreet appearance. Additionally, its **LED** technology ensures low energy consumption and a long service life, thereby reducing maintenance costs.

The compact dimensions of this surface-mounted LED downlight allow for installation in spaces with low ceilings without compromising lighting quality. Its white finish and color rendering index (CRI) guarantee excellent aesthetic integration and faithful color reproduction.

- 30W power, ideal for general lighting in interior spaces.
- 4000K color temperature for natural and pleasant white light.
- Surface-mounted installation, round design for a discreet and elegant appearance.
- Low-consumption LED technology with a long service life.
- White finish and high CRI for aesthetic integration and faithful color reproduction.
