Teléfono Loft Extra

Audio Terminal. Installed in homes, enables communication with outdoor panel and door opening

Manufacturer: **FERMAX**[View product online](#)**Description**

Telefonillo FERMAX LOFT EXTRA 4+N 3394

Audio Terminal. Installed in homes, enables communication with outdoor panel and door opening.

A new telephone concept for the housing. An integrated design, in line with new trends and lifestyles, simple and functional, combining quality and design.

Its purity of lines, its technology and performance make this equipment an element stylish and perfect for any home.

It is manufactured in high impact ABS plastic, with textured finish for easy cleaning and ultraviolet protection for greater light resistance.

For wall installation and easy attachment.

Conventional system: uses wires common to the whole installation plus 1 wire for the call (or callback) housing.

Recommended in buildings of a size small/medium (up to 50 neighbors approx.), with several accesses and central concierge. For residential complexes with general entrance and inner blocks.

Wiring:

- Porter: 4-wire common + N (1 wire house call).
- Video door: 7-wire common + 1 video coax+ N (1 wire house call).

Maximum distance in the installation depending on the cable section used (see technical manuals)

Specifications of the telephone FERMAX

The terminal incorporates a magnet in the area of the earpiece that allows the arm to be well hung and fixed to the base.

This prevents the arm falling off during his hanging, damaging the wall and also avoids causing damage to the installation by being badly hung.

Screw on the surface.

Power system:

- Audio: 12 Vac
- Video: 18 Vdc

Button door opener and call to concierge.

Regulation of call volume

On/off Control

It has 2 pushbuttons for additional functions (without assigned function).

Weight: 0,3550344 kg

Product dimensions packed: 25,8x8,8x5,8 cm

EAN 13: 8424299033945

Specifications

EAN	8424299033945
Manufacturer	FERMAX
Reference	STK 3394
