Flush-mounted box 4643

Model: MARINE ST3

Manufacturer: FERMAX

View product online

Description

Description

To install a cover plate, a box must be placed in the wall or masonry, to which the cover plate will subsequently be fixed.

Marine flush-mount boxes are metallic.

If multiple cover plates are combined, always from the same series, a set of spacers (ref. 2289) is required for a perfect fit. One set is required for each additional cover plate installed between the flush-mount boxes.
Available in all series. Select the box from the required series, as applicable.

Technical specifications

SERIE ST3
Dimensions: 130x340 55 mm (horizontal-vertical-depth).

Weight: 1,010662 kg

Packaged product dimensions: 13x34x5,5 cm
