Description

Angle CITY SIMPLE S1 FERMAX 8378

Necessary when the plate should be installed at a point of difficult access, for example behind a gate.
It is also useful to be able to focus better on the camera, in places in which the plate is installed so that the person you have called is outside the field of view of the same.
They are manufactured in anodized aluminium of 2mm thickness.
As it is possible to combine two or more plates, provided that they are of the same series, there are 9 series add-in angle for plates with simple, double, or triple, select the snap angle of the series is necessary, according to the case.
Add-in versions Angle for 1, 2 or 3 plates:
- SIMPLE: 1 Plate.
- DOUBLE: 2 Plates.
- TRIPLE room: 3 Plates.
