Description

Description

Very useful to protect the outer plate, when its location can be affected by external agents such as rain, snow, etc

It is advisable to seal the visor to the wall with silicone at the top and sides as additional protection. Only for boxes recessed.

As it is possible to combine two or more plates, provided that they are of the same series, there are 9 series of visors for plate of single, double or triple, select the visor of the series required, as the case may be.

Remember to attach the plates perfectly, you should use a set of spacers each two plates that are installed between your boxes recessed.

Versions of Visors for 1, 2 or 3 plates:
- SIMPLE: 1 Plate.
- DOUBLE: 2 Plates.
- TRIPLE room: 3 Plates.

Specifications
