Description

Kitchen Serving Spoon Nylon Basic

- Measure: 32 x 9.5 cm.
- Made of nylon, a light and resistant material. Material similar to silicone, since both materials do not absorb odors or flavors, they can also be used in all types of pans and pots, since they do not scratch the base.
- High thermal resistance (up to 240° C.)
- Does not cause scratches on pots and pans when cooking with them.
- Suitable for cleaning in the dishwasher.
- They are made in one piece, this provides greater firmness as well as facilitating washing.
