Revalco

Revalco 1 Pole+Neutral Magnetothermal Circuit Breaker 10A

Brand: REVALCO

Reference: EDM 02560

Revalco 1 Pole + Neutral 10A Magnetothermal Switch

- 1 pole + neutral magnetothermal switch
- 10A current capacity
- Protection against overloads and short circuits
- Compact design and easy installation
- Status indicator
- Safety regulations met

Description

Revalco 1 Pole+Neutral Magnetothermal Switch 10A

- Revalco brand thermal magneto switch, designed to protect electrical circuits from overloads and short circuits.
- 1 pole + neutral model with 10 amp capacity.
- Ideal for low power residential or commercial electrical installations.
- Manufactured with high quality materials that guarantee durability and efficiency .
- Easy installation and handling, with visual indicators that facilitate its use.
- Complies with all current electrical safety regulations.
- Compact dimensions that allow its placement in confined spaces.
- Effectively protects the equipment and devices connected to the electrical circuit.
- Guarantees stable and safe operation of the electrical installation.
- A reliable and efficient option to maintain the integrity of your electrical systems.

Specifications

Rated current (A)	10
EAN	8425998025606
No. of poles	1P+N
Country of origin	Spain
Weight (kg)	0, 197
