Revalco 1 Pole+Neutral Magnetothermal Circuit Breaker 25A

Brand: REVALCO

Reference: EDM 02563

Revalco 1 Pole + Neutral 25A Magnetothermal Switch

- 1 Pole + Neutral Magnetothermal Switch
- Current capacity of 25A
- Protection against overloads and short circuits
- Compact design and easy installation
- Status indicator for quick fault identification
- Safety regulations met

Description

Revalco 1 Pole+Neutral Magnetothermal Switch 25A

- Revalco brand thermal magneto switch, designed to protect electrical circuits from overloads and short circuits.
- 1 pole + neutral model with 25 amp capacity, ideal for residential and commercial applications.
- Manufactured with high quality materials that guarantee durability and reliability in operation.
- Allows manual connection and disconnection of the circuit safely and easily.
- Compact and easy to install, with visual indicators that facilitate identification of its status.
- Complies with safety regulations. current electrical safety, ensuring the protection of equipment and users.

Specifications

Rated current (A)	25
EAN	8425998025637
No. of poles	1P+N
Country of origin	Spain

Weight (kg)	0, 185
