Description

The bipin g635 basics 12v 42w halogen bulb is an efficient and long-lasting lighting option for your home or office. With an estimated life of 4000 hours, this bulb provides a bright, warm light of 790 lumens. Its bi-pin design makes it easy to install on a variety of lighting fixtures. In addition, it is dimmable, allowing you to adjust the light intensity according to your needs. With a length of 4.4 cm, this bulb is compact and easy to fit in tight spaces. It operates on a 12v voltage, making it ideal for low voltage applications. Be sure to follow the installation and safety instructions to ensure optimal performance and long bulb life.

Specifications
