Description

The Varta indestructible bl20 6w flashlight is an incredibly robust and resistant flashlight, designed to withstand drops of up to 4 meters and be waterproof with an IP54 protection rating. Its rubber-coated head cushions shocks, while its high-performance 3w rebel LED with special lens offers two lighting modes: 400lm specially designed reflector that provides longer-range light. With a strong and durable design, this flashlight has a weight with batteries of 803g, a length of 147mm and a head diameter of 84mm. Its focus range reaches up to 400m, with a duration of up to 78h and a total lighting power of up to 400lm. Uses 6 AA batteries included as a light source.
