Description

The Varta flex area light 230lm flashlight is a versatile and resistant lighting tool, ideal for outdoor activities or in demanding work environments. With a range of 22 meters and a duration of up to 35 hours, this flashlight works with 3 included AA batteries for greater convenience. Its design includes a magnet to facilitate its use on different surfaces, and it is resistant to drops of up to 2 meters, as well as water and dust with IP54 certification. COB LED technology ensures optimal lighting, while the translucent lens prevents glare and provides better light diffusion. The non-slip rubber handle and compact 11.9 cm size make this flashlight easy to carry and use in any situation.
